Faces of the World
Be the next face of a global USF!

The project is open to all students, faculty, staff and alumni.

Christophe Jouany, a world-renowned photographer, commissioned by USF will photograph a series of culturally diverse portraits for a permanent exhibition in the lobby of the new Patel Center for Global Solutions building. If selected, subjects will have their portraits taken on the USF campus sometime between June 1 and September 15, 2010.

Send in a photograph of yourself to HLPGINA@GMAIL.COM by June 30, 2010.
