

Dear Mr. Ogishima:

Thank you ever so much for the wonderful workshop that you and your wife presented for our students at LaVoy Exceptional Center yesterday. You made a huge impact on our students, and our staff was also enthralled. Kids had so much fun learning about Japanese culture and learning how to make calligraphy and origami cats. Your wife is amazing how she could just write all our names using Japanese characters, too. Many of us plan to frame our Japanese names.

Later today I will email you a photo album of your visit to LaVoy. Thank you and your wife again, and I look forward to hearing from you about what Monday in November you would be able to make a presentation at Robles Elementary School.

Respectfully yours,

Audrey J. Adair-Hauser
Music Teacher, SDHC
