

Dr. Jin, Feniang, Vice President of SUST hosted a meeting with Dr. Maria Crummett from University of South Florida

Vice President Dr. Jin of Shandong University of Science and Technology (SUST) met Dr. Crummett, Dean of International Affairs Office of University of South Florida(USF) in TsingDao, China on Nov. 24,2006. Ms Li, Ping, the director of international office of SUST and Dr. Debaldo also joined the meeting.

Dr. Jin expressed his warm welcome for Dr. Crummett's visit. He introduced SUST history, university structure, teaching and research aspects of SUST. He stated that SUST has established the relationship with Germany, French, Korea and other Universities oversea. Especially the cooperation with Russia, there are lots of research projects have been developed. He expects the cooperation with USF can be expanded not only in language program but in other fields.

After visiting main campus of SUST in Tsingdao, Dr. Crummett and Dr. Debaldo also visited Taian Campus. The Taian Campus is located at the foot of famous beautiful Mountain Tai. She had a meeting with Mr. Hu, Cai Xing, Director of International of Sino-American Education Exchange Program. Taian campus will be for USF Chinese Language program, which will be held in summer of 2007. She visited the teaching area, living facilities and Cafeteria. She mentioned that Taian campus will be a perfect place to study Chinese for American students. They are not only to have opportunity to learn more about China but also will have lots of chances to contact local people and know the culture.
