

Financial Support Requirements 2011-2012

(for F-1 students)

U.S. immigration law requires the University to verify that any student seeking an F-1 Visa has sufficient funds to finance their studies for the duration of their program. Financial documentation and the Promissory Note(s) of Financial Support must be completed before an I-20 can be issued to an admitted student. Review the instructions before completing and signing this form. Failure to read the instructions and complete the form correctly will result in delays in the processing of your application and issuance of your visa document.

Instructions:

STEP 1:

Review the following cost and length of the study estimates to determine how much financial support you will need to complete your program.

The figures shown below are the estimated minimum cost of attendance for 9 months (one academic year) and are subject to increase without notice. Annual increases in tuition and fees are anticipated; therefore, it is suggested that an additional 10% be added to these totals to safeguard against increases.

Cost Estimates for the 2011-2012 Academic Year

Cost Description	Undergraduate (24 credits)	Graduate (18 credits)
Tuition and Fees	\$12,009	\$15,145
Books and Supplies	\$1,500	\$1,500
Housing and Meals	\$9,190	\$10,700
Other personal expenses	\$4,100	\$4,100
Insurance	\$1,806	\$1,806
TOTAL	\$28,605	\$33,251

Program Length of Study Estimates

Level Years

Additional Support Needed for Dependents:

If you have a spouse or children that will accompany you to the United States, you must include an additional \$5,000 per year for your spouse and each child. Please note that this estimate for dependents is the minimum amount you must show. If purchasing insurance in the U.S. for dependents, actual costs for your dependents will likely increase.

STEP 2:

Complete the Promissory Note of Financial Support form (last page), indicating the number of years of support that will be provided. If you have more than one person sponsoring your education, make additional copies of this form. A Promissory Note of Financial Support will be required from each person agreeing to sponsor your education.

STEP 3:

In addition to the Promissory Note(s) of Financial Support you must provide official documentation of liquid assets to cover your first year of study.

NOTE: Liquid assets include money in a banking account, stocks, bonds, or other investments with cash value. *Retirement accounts cannot be used as a source of financial support unless the sponsor can provide evidence that he/she is, in fact, retired and able to access those funds without penalty for early withdrawal. Real estate or other non-liquid asset such as automobiles, jewelry, or other personal property cannot be used as a source of financial support under any circumstances).*
